

GRID Alternatives SOLARTHON 2009

Volunteer Name: _____

I'm working to fight climate change, high energy costs, and the economic crisis in low-income communities by bringing the benefits of solar power to low-income families that need the savings the most. On September 12th, 2009 I'm volunteering with GRID Alternatives to help install 16 solar electric systems for low-income families in Oakland, while raising money to support renewable energy for communities in need throughout the state.

I need your help! My fundraising goal for this project is \$_____.
