

1,700

FAMILIES SERVED

From Washington D.C. to Spokane, Washington, the solar we installed in 2019 will prevent over **150,000 tons** of greenhouse gas emissions in communities most affected by pollution and poor air quality.

100

ELECTRIC VEHICLE CHARGERS INSTALLED

Our **Clean Mobility** work is taking off, with nearly 100 solar-powered EV chargers installed for low-income families in 2019, saving them thousands on fuel costs.

“*We are replacing gasoline with sunshine and we believe it's the future of utilizing energy.*”

Nisar Ahmed
Solar + EV Client

\$41 million

LIFETIME SAVINGS GENERATED

3,500

INDIVIDUALS RECEIVED HANDS-ON TRAINING

Our installation training programs provide valuable hands-on training to individuals, students, and job training organizations serving diverse populations, giving people the tools they need to jumpstart clean energy careers.

800

K-12 STUDENTS

Middle and high school students learned about renewable energy in their classrooms and on the roof through our **Solar Futures** program.

250

COLLEGE/UNIVERSITY STUDENTS

Our biggest **Solar Spring Break** season to date consisted of students from 12 different states spending their school breaks installing solar with GRID.

90%

SOLARCORPS JOB PLACEMENT SUCCESS RATE

Our 2018-2019 cohort of **SolarCorps Fellows** were set up for success after providing a year of service to their communities.

“

I came in not even knowing how to use a hammer. Now I'm helping my children, my children's children, just making a difference.

Ruth Lopez
SolarCorps Fellowship Program Graduate

“

This is a step towards energy independence for us, and it feels like we're part of a movement. This is what we want our legacy to be.

Bernadette Cuthair
Ute Mountain Ute Tribe

2.2 MW

SOLAR INSTALLED IN TRIBAL COMMUNITIES NATIONWIDE

We also launched our **Tribal Solar Accelerator Fund**, which awarded grants to over a dozen tribes for new solar projects aimed at building tribal energy sovereignty and resilience.

70 HOME SOLAR SYSTEMS INSTALLED IN NICARAGUA

Our **International Program** also installed two potable water systems and a solar-powered coffee roaster in Nicaragua, and solar on two orphanages in Mexico.

3 WOMEN IN SOLAR PROJECTS IN NEPAL

16 Nepali women gained hands-on installation skills while bringing solar to the Miteri Birthing Center, Karnali Sports Club, and Jodhgaun community.

78,000

VOLUNTEER HOURS SPENT INSTALLING SOLAR

SUPPORTERS

A huge thank you to all of our volunteers and supporters who give their time, energy, and financial resources to bring our shared vision to reality. Our top philanthropic supporters in 2019 included:
